

# Goddess Retreat in Egypt 8 to 25 November 2024

Aloha Lovely One

I am Michelle Leske, your host and tour organizer on this Retreat. Goddess Retreats came about after I first visited Egypt in 2011. I experienced so much healing, I grew so much as a person, I released fears, my confidence grew exponentially and I found my purpose. My dream was to host tours to Egypt. Not just site seeing tours but healing tours, I so wanted to give others the opportunity to heal spontaneously like I did. That was 13 years ago, now I have lost count of the number of Retreats I have hosted in Egypt. I have had the honor and privilege to host tours in Turkey and France too, and my list of bucket list countries grows all the time.

It is my honor to be able to host these retreats, and to witness so many participants healing, letting go, becoming completely different people to the ones that first came on the retreat. Many of the participants attend the retreats over and over again. I have made some really good friends, and do believe that we fulfil a Soul Contract or agreement, when we come together in a group to heal our hearts. Participants feel like family, soul family and the connections speak volumes.

I invite you to read through the itinerary and Answer the Call. I am looking forward to travelling to Mystical Egypt with you!

# THE ITINERARY

### Day 2: Saturday 9 November 2024

**Meals included:** Breakfast & Dinner

The group will be collected at Le Meridien Airport Hotel and transferred to the Pyramids Hotel by Jaz near the Giza Plateau. We will have our Opening Ceremony where you will get information about the tour and we will set our intentions for our Personal Goals that we would like to achieve during this sacred time. This Journey is about Learning to Love Yourself Unconditionally, Remembering that You are Powerful, Forgiveness of Yourself and others and seeing yourself as the Limitless, Bright Light that you are.

#### **Lunch at your own expense**

In the afternoon, we will enjoy a Private Visit to the Sphinx, who is Tefnut, one of the Lion Headed Goddesses. Here we will have the opportunity to meditate in the Paws of the Sphinx and explore the area. This is a very special opportunity, since we have Special Permission for our group to enter this area. Generally tourist only get to view the Sphinx from a platform, but not go anywhere near the actual Temple.

Tefnut, the Great Mother, also more commonly known as the Sphinx, has her home on the Giza Plateau.

She is older than 10 000 years, YES!!! You are reading correctly, ten thousand years, according to geological studies of the erosion surrounding this statue.

Tefnut was one of the Lion Headed Goddesses revered in Egypt. She is the daughter of Ra, who created her, and she nurtures, mothers and loves all of humanity.

When you experience getting up close and personal with her, during our Private Visit, you will come to a realisation and inner knowing, that Tefnut, is in fact The Great Mother.

**Dinner and Overnight at Pyramids Resort by Jaz**

**Day Three: Sunday, 10 November 2024**

**Meals Included: Breakfast & Dinner**

After breakfast we gather for a Healing Circle, where we connect to our Divinity and Focus on the Third Eye Chakra.

After our healing session, we have another **Special Permission tour to Abu Ghorab**. It is the site of one of 4 Sun Temples built in Egypt, supposedly built in 2500BC but I suspect it may be older than that. The bowls found at Abu Ghorab are mysterious, the use of them not known, and they are found nowhere else in the world. There is an energy at this site that is unexplainable. Although it is basically in ruins, there is much to feel and experience. You may want to watch this documentary to see for yourself

**Day Seven: Thursday, 14 November 2024**

**Meals included: Breakfast & Dinner**

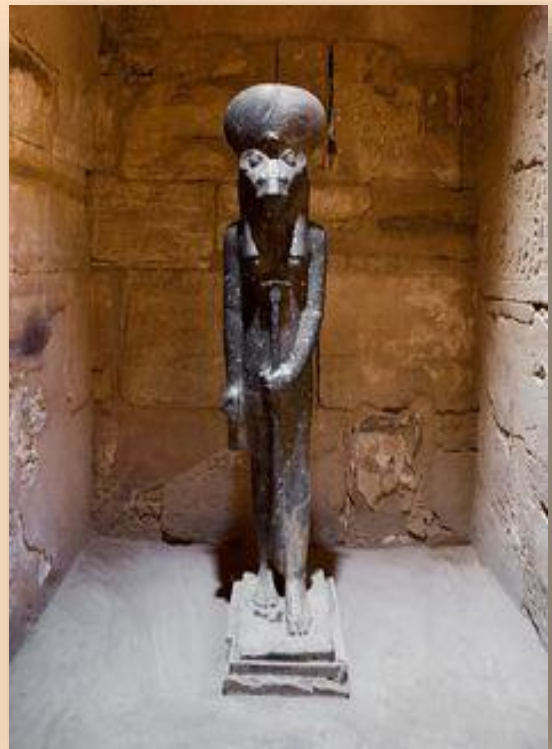

After breakfast, we will visit the massive open-air museum of Karnak Temple. Karnak Temple, the Cult temple dedicated to Amun, Mut and Khonsu. The largest religious building ever constructed. The temple of Karnak was known as Ipet-isu or “most select of places” by the Ancient Egyptians. ... The great temple at the heart of Karnak is so big that St Peter's, Milan, and Notre Dame Cathedrals would fit within its walls. Karnak Temple is dedicated to the Theban Triad, Amun, Mut and Khonsu

We will have the opportunity to spend Private time in the Chapel of Ptah with the Lion Headed Goddess, Sekhmet. She is a powerful healer, nurturer, remover of obstacles and a real blessing to all who experience her healing. I have taken many groups to spend time in her chapel and receive her healing....we have all walked away having received profound healing.

After our visit to Karnak Temple, we will have lunch (at your own expense) and then a debriefing regarding our time spent with Sekhmet.

The rest of the afternoon is free for you to rest, swim, shop or maybe visit a perfumery.

The Valley of the Kings, located on the west bank of the Nile River near Luxor, Egypt, is a world-famous archaeological site that served as the burial place for many pharaohs of the New Kingdom period, including the renowned Tutankhamun. This valley is characterized by its desolate, rugged terrain and concealed tombs hidden beneath the rocky cliffs. It is a treasure trove of well-preserved ancient Egyptian tombs, featuring intricate hieroglyphics, stunning artwork, and a glimpse into the afterlife beliefs of this remarkable civilization. The Valley of the Kings is a testament to the grandeur and mysteries of ancient Egypt and remains a top destination for tourists and historians alike.

**Dinner and Overnight at Steigenberger Achi Resort on the banks of the Nile River**

## **We spend the following days on a beautiful Dahabiya:**

**Day Nine: Saturday, 16 November 2024 to Wednesday, 20 November 2024**

**Meals included: Breakfast, Lunch & Dinner**

After breakfast, we depart for Esna and our new home, the Dahabiya.

A dahabiya is a traditional Egyptian sailboat, characterized by its elegant design and classic wooden construction. These vessels offer a unique and luxurious way to cruise the Nile River. Stopping off at places that most of the general public do not get to see, private and intimate, and in our case, we will have the dahabiya to ourselves for 4 days and nights.

We start working with the Element of Water. Water is fluid, flowing, has the ability to flow around obstacles. Is able to surrender. We will start examining these qualities in ourselves and see where we need to learn to be like Water, in order to live peacefully and abundantly.

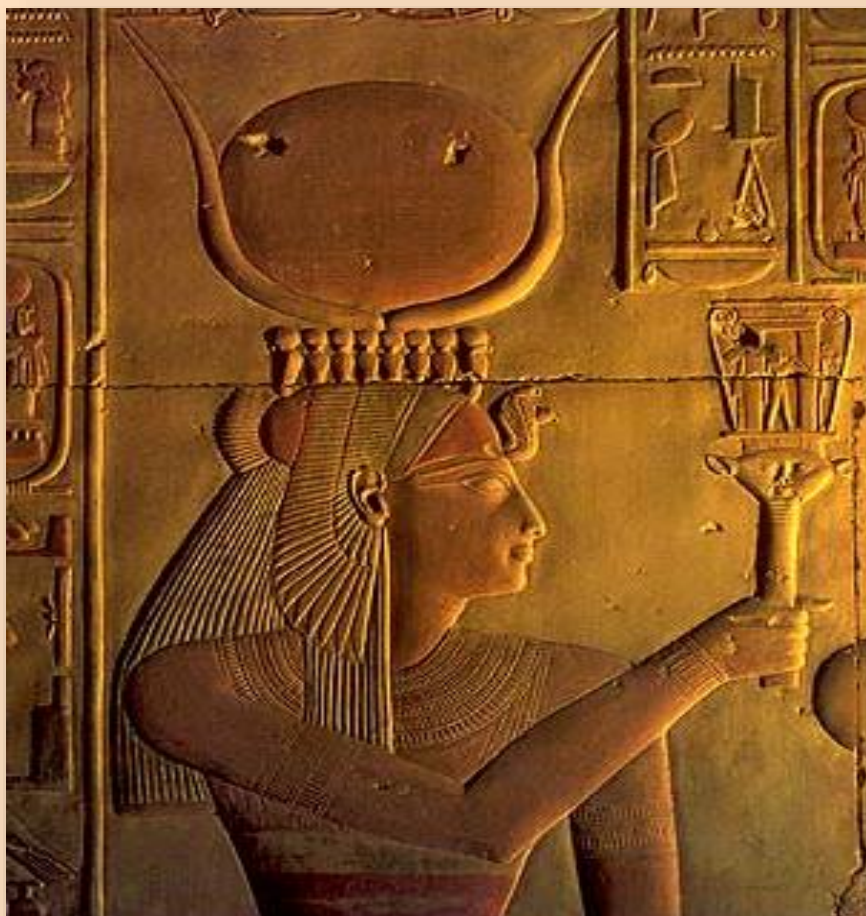

## We will see the following temples and places of interest during our journey on the Nile:

We will Visit the Temple of Knem at Esna, where the temple has been cleaned of years and years of soot and dust, to reveal the most magnificent colours in all of the Temples of Egypt. The Temple is dedicated to the creator god Knem. We will use the energy of this temple to start creating a new life for ourselves. New perspectives, new ways of thinking and doing.

We visit the Temple of Amenhotep III dedicated to Hathor and Nekhbet (the Vulture Headed Goddess, who epitomizes the Divine Feminine. We will connect with the Ascended Master Serapis Bey and the Arc Angel Gabriel and his Twin Flame Hope in this sacred space. This is the space where we honor the White Flame of Purity, and we allow ourselves to be cleansed and purified of that which no longer serves us.

We visit Gebel Silsila. This is a massive quarry where rock was taken from and used in the construction of some of the temples across Egypt. Here the Nile is absolutely pristine and beautiful. We will explore these quarries and also take time to admire the beauty of the Nile River here.

We start working with the Seat of the Soul Chakra. This is where we create from. What kind of Life are You Creating for Yourself? Are you allowing Abundance, Joy, and Love to Manifest in your life? Are you allowing yourself to flow like Water? We learn to start creating from our Heart and with Love and Faith that everything that we desire, is attainable.

We sail to Komombo Temple. This temple is dedicated to two gods, Sobek and Horus. There are many interesting things to observe at this temple:

The Agricultural Calendar  
Surgical Instruments and medical procedures in Ancient Egypt  
The Nilometer

The uniqueness of this temple, since it is dedicated to not only one, but two gods.

We visit Philae Temple, the temple dedicated to the Goddess Isis. The temple was relocated from its original island, to preserve it from damage caused by the waters of the Nile River.

We explore this beautiful space and then take time to have something to drink and do some shopping at the small market located on the same premises as the temple.

In the late afternoon, we fly back to Cairo, where we will stay at Le Meridien Airport for the night.

Day 14 Thursday, 21 November 2024 to Day 18, Monday, 25 November 2024

## Five Days and 4 Nights in Siwa Oasis
