It is with pure JOY that I invite you to join Yolandi Boshoff and me, Michelle Leske, on a beautiful journey in England. Exploring Sacred Sites, Connecting with the Earth, Opening your Heart to Divine Love.

I first met Yolandi when she joined my first Goddess Retreat in Egypt in 2016. Yolandi is a Healer, and Advocate for working with the Land, an adventurer, Light Language sharer and a beautiful, joy filled person. I look forward to this collaboration with her very much.

We would love for you to join us in England. We will be connecting with the Earth, Opening our Hearts to Divine Love, discovering aspects of ourselves that may have been hidden and generally falling in Love with ourselves and our magnificence.

I invite you to peruse the itinerary and tour details in this document.

Day 01

Arrive at Sparkford Hall, Somerset, UK

This will be our private base for the first week of our visit in the UK. Sparkford Hall is a grand Georgian Mansion built in 1878. The 18 acres of beautiful grounds are shared with a pair of tame Llama, some ponies and a bunch of ducks.

During our tour we will be working with the St Michael Ley Line energies that run from the East to the West of England. The Michael and Mary Dragon Lines will form a big part of our explorations here in the South of England. We will be working deeply with this ancient energy and exploring our connection with the Great Mother, the Rising of the Divine Feminine and our role as Grid Workers and Keepers of our Sacred Lands. We will also be working with the energy of the horned goddess Elen of the Ways and seeing her impact on the history of the land. Yolandi will share more about working with this land and her passion for the sacred sites in this part of England.

In the late afternoon, we will start our tour together with a beautiful Opening Ceremony, to ground our energy into these lands and welcome you all.

And then we will enjoy dinner together and get to know each other a little better.

We will leave in the morning to visit The Avebury Complex. The biggest stone circle in the world, and a meeting point of the Mary and Michael Dragon Lines and the famous St Michael Ley Line. This complex, dating back to 2850 BC originally consisted of about 100 stones. We will spend most of the day exploring the site, as well as the Sun and Moon circles housed within the complex, the West Kennet Avenue and the Sacred Trees perched on the massive bank surrounding the circle. This sacred site was known as a site for ceremonial celebrations focusing on fertility, rebirth and regeneration. We will be working with these energies during our group meditation and earth connection time.

You will be given time to explore the gorgeous little village with its quaint shops, lovely pub, museum and eateries. You will be able to enjoy some lunch here in the village.

Later in the afternoon we will depart to visit Silbury Hill and West Kennet Long Barrow.

This Long Barrow is a favorite of Yolandi's and she is excited to share the energies of the Mary Dragon Lines with you in this sacred priestess space. We will spend some time connecting with the energies here and she will share with you how this space is deeply connected with the womb and elements.

Silbury Hill is the largest artificial mound in Europe and compares in height and volume to the Egyptian pyramids. This beautiful mound connects the Long Barrow and Avebury Henge. It has an interesting history but no one is yet sure what it was used for.
